NOTE: Act 32 requires all Pennsylvania employers to withhold the earned income tax from their employees' pay at a rate equal to either the rate due the employee's place of residence or the tax rate due their place of employment, whichever is higher. Individuals who do not have the tax withheld, are required to pay the higher of the two tax rates, if applicable.

HOW TO COMPUTE TAX: The tax can be computed either by estimating your earnings and paying an estimated tax, or by paying the tax on your actual earnings each quarter. Round figures to the nearest whole dollar. If your employer withholds part of the tax, the amount withheld for the quarter should be deducted from your quarterly payment. Calculate tax due using either your resident tax rate or work location tax rate, whichever is higher. Visit http://munstatspa.dced.state.pa.us/FindLocalTax.aspx to determine your applicable tax rate.
